Kim Pratt

Dental Consultant

United States

Experience

Dental Hygiene Solutions

Owner

January 2024 - Present (2 years)

United States

We are a consulting company that specializes in advanced dental hygiene practices, leadership, education, and temporary dental hygiene services as needed. We provide in-office training, marketing management, sales training, and staff evaluation. We are a certified provider for continuing education courses through the American Academy of Dental Hygiene. We are also a board-certified radiology instructor for dental assistants in the state of Oregon.

Rogue Community College

Adjunct Instructor

2024 - Present (1 year)

Subjects taught: Oral Pathology, Clinical Hygiene, Research Methods, and Periodontol

Oregon Institute of Technology

Instructor

January 2021 - December 2024 (4 years)

Klamath Falls, Oregon, United States

Subjects taught: Radiology, Dental Materials, Intro to Dental Lasers, Restorative Dentistry, Local Anesthesia, Nitrous Oxide, Sophomore, Junior and Senior clinic. Technologies taught included Fuse, XV capture, Sopro Cameras, Canvas LMS, diode lasers, velscope, and Oral ID. I developed course curriculum for Intro to Dental Lasers using open-source materials and provided program advising to assigned students.

MAVERICK RANCH PRODUCTS LLC

Business Owner

2017 - 2021 (4 years)

Grants Pass, Oregon, United States

I was responsible for customer relations, bid development, and sales transactions for the products manufactured by the company.

Buchanan, Pastrell, and Hartzell Family Dentistry

Dental Hygienist

2017 - 2020 (3 years)

My duties included treatment planning, implementation, and all aspects of patient care with the Oregon Dental Hygiene scope of practice. I performed local anesthesia, nitrous oxide, alginate impressions, whitening procedures, radiographs, electronic health records in Patterson Eaglesoft, prophylaxis, and nonsurgical periodontal therapy. I saw pediatric, adult and geriatric patients at this office.

Allen Creek Dental

Dental Hygienist

2014 - 2017 (3 years)

Grants Pass, Oregon, United States

My duties included all aspects of treatment within my scope of practice. At this practice we offered Invisalign to patients and I placed composite buttons and provided patient education. I also performed emergency treatment for patients after hours providing temporary restorations when needed and maintaining collaboration with the dentist. Technologies included: IO camera, Full mouth IO photos, Itero scanner, Invisalign, digital imaging, and patterson eaglesoft EHR.

Aesthetic Laser Dentistry

Dental Hygienist

2010 - 2014 (4 years)

Grants Pass, Oregon, United States

My duties as a hygienist were performed with lasers as an adjunctive therapy. I used cutting edge technology to deliver the highest standard of care to our patients. I learned to be competent in ND:YAG, Diode and ER: YSGG lasers. I gave lectures nationally on dental laser protocols for the Academy of Laser Dentistry.
